Art Unit: 2662

Amendment, filed 05/26/05 has been entered. Claims 1-17 remain pending.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 limitation “said BS receiver having an associated processor configured to measure timing deviation of received MT transmissions in identified radio frames in which communication data is received from a selected MT” is unclear, because it is not understood what “identified radio frames” means in the context of the claim: frames identified from a particular MT or frames identified by the CFN of the transmitted TA command signal.

Claim 10 recites the limitation "the utilization" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim 10 limitation “sequentially identified system radio frames” is unclear, because it is not understood what “sequentially identified system radio frames” means in the context of the claim: frames identified from a particular MT, frames identified by the CFN of the transmitted TA command signal, or some other system frames.

Claim 11 recites the limitation "the utilization" in line 4. There is insufficient antecedent basis for this limitation in the claim.

Claims 11 and 14 limitation "a sequential radio frame format having identified system radio frames" is unclear because it is not understood what is "a sequential radio frame format" and what "sequentially identified system radio frames" means in the context of the claim.

Claim 14 recites the limitation "the utilization" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claims 2-9, 12, 13 and 15-17 are rejected as claims dependent on the rejected claims.

Claim Rejections - 35 USC § 102

In light of Applicant's Amendment the rejection under 35 U.S.C. 102 has been withdrawn.

Claim Rejections - 35 USC § 103

In light of Applicant's Amendment the rejection under 35 U.S.C. 103 has been withdrawn.

Response to Arguments

3. Applicant's arguments, see Remarks, filed 05/26/05, with respect to the rejection(s) of claim(s) 1-17 under 35 USC § 102 and 35 USC § 103 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made.
